## Fine Tennis By Ewa Champion Players

Ewa was on tele Sunday last, the occasion being the playing off of a tennis tournament. Some twelve pairs had entered for the event, and as in most cases it took three sets to decide the contest, which was the best two out of three sets, the matches took up the whole day.

It was thought necessary to make an early start as the tournament was scheduled to be played to a finish in one day. Several sets were named as the opening hour of the morning session, and at that early hour play started. Notwithstanding that Sunday mornings, as a rule on plantations, are comfortably snuggled away in slumber, and quite a number of spectators appeared on the courts.

The early morning train from town conveyed a large party of visitors to Ewa, all intent on watching the tennis experts at work. By 10 o'clock the attendance was a record one, and the courts were surrounded by an enthusiastic bunch of fans who applauded every stroke, good, bad or indifferent.

The arrangements for the comfort of the visitors were complete and the lunch and afternoon tea was much appreciated by the thirsty onlookers. Play was continued right through the day, and it was not till 6:45 p. m. that Davidson and Bento won the deciding game in the final set. These two players, who put up a sterling game right through the tournament, were the recipients of much congratulations at the close of the match.

Nolan and Givins, the runners up, also played good tennis and it took five sets to decide the match. The final set was won by a score of 10-8. The following couples played in the tournament, and all received 15 from the match prize, who were McKee, Keener, Jenkins, and Greenfield-Muller. Rec. 15: Gold Douglas, Melson-Olding, Silva-Swift, Boulton-Edlund, Bento-Davidson, Collins-West, Newman-Gouvea, Terata-Grove, Nolan-Givins, Behalid-Larsen.

The whole day was voted a huge success, and everybody went home vowing that another day's sport of the same caliber would be much had again.

Oakland annexation vote includes six square miles of water front land in the city, which may now tax railroad terminals.

## Oahu Sugar Cos Have Strong League

The Oahu Plantations Baseball League is starting off with a flourish of trumpets, and seems to have a bright future before it. A sixty-dollar cap has been purchased, and will be to the club playing twice in succession or three times in all. It was through the donations from Ewa Plantation Co., Oahu R. & L. Co., Hoachulu Plantation Co., Oahu Sugar Co., Waiata Agricultural Co., Waiata Sugar Co., and John Hughes, that the cap was able to be purchased.

The season opens next Sunday, 29th inst. The Plantations League is the result of W. Leslie West's inspiration. Mr. West is a sport from way back, and at one time was the champion skater (roller) of the southern hemisphere. It is owing to his efforts that this strong well-backed addition has been made to the local leagues.

The Ewa baseball ground is the best outside of the city of Honolulu and some exciting matches will be played there soon. The officers of the League are as follows: President, W. L. West; vice president, Chas. Arnold; manager, A. M. Simpson; secretary, G. R. Clark; treasurer, A. Waiakaloa.

The first match will be between Ewa and Waiata and Alea and Waiata and comes off on March 28. The following schedule has been arranged:

March 28—Ewa vs. Waiata, at Ewa; Alea vs. Waiata, at Waiata.  
April 4—Waiata vs. Waiata, at Waiata; Alea vs. Alea, at Alea.  
April 11—Waiata vs. Ewa, at Ewa; Waiata vs. Alea, at Alea.  
April 18—Waiata vs. Ewa, at Waiata; Alea vs. Waiata, at Waiata.  
April 25—Waiata vs. Ewa, at Waiata; Alea vs. Waiata, at Alea.  
May 2—Waiata vs. Waiata, at Waiata; Ewa vs. Alea, at Ewa.

The balance of the schedule to be decided on completion of above games.

## Hilo Baseball Starts Next Month

According to the Hilo Tribune baseball is going to start early next month. The Tribune speaks as follows:

"Baseball will soon be with us again. 'Play ball' will ring out over the classic turf of Mochoy Park, while from the bleachers the festive fan will greet with hoots and howls the sweat of ball against bat. Several meetings of the baseball men have been held, and some of the teams are practicing, the plan being to have the first game of the season on the 18th of April.

The teams which will form the league have so far the following membership:

Hilos—Chas. B. Lyman (captain), Jack Easton (manager), Harry Brown, Solomon Anakalea, W. A. Riker, Antonio Oliveira, William Ah Hip, John Kealoha, Bennie Spalding, Al. Davidson, George Mann and William Napier.

**P**ROFITS CAN BE MADE in buying and selling stocks, but, in the last analysis, the man who makes the most money is the man who gets in at the beginning on a good thing and sticks religiously with it while it marches forward to successive successes. Ewa, Oahu, Pioneer, Punene, Pahala, Makaweli, Biwery, Railroad—which you will, any or all of them, and also others. Original holders of such securities are the people who have made, and are making, the dizzy money. And it was ever thus and ever shall be.

Be sure you enter right at the right time on the right thing—then let the procession move ahead and don't worry. Grow up with the company. Its progress is profit to you every time, even though it takes a little while to realize in dividends. You are accumulating money through the increasing value of your holdings. This is particularly true in the Gold Mining business. First issues of stock are usually sold at a low figure to enable the new enterprise to make a start. The shares may be worth a great deal more than they are offered at, but the sacrifice has to be made in order to inaugurate proceedings. We consider "MAYFLOWER" stock to be intrinsically worth 50 cents a share today, and it is going to go to 50 cents pretty soon just as sure as the sun will shine tomorrow. But in financing a Gold Mine the first man's money is security for the next man's—only the "next man" pays an increased price just by reason of that circumstance. Be one of the "FIRST MEN" and get in on the ground-floor price of 35 cents. BUY MAYFLOWER STOCK. BUY IT NOW!

**T**HE LATE CECIL RHODES, the multi-millionaire mining king of South Africa, once said: "Buy a good gold mining stock. Buy it when first offered, and before you dream of it your dimes have increased to dollars and your dollars to hundreds of dollars. It is no uncommon thing for a good gold mine to return its original stockholders a hundred-fold. In no other field is there the same opportunity offered for money-making, particularly for the person of medium or moderate means. A small sum may make a fortune. Most money is made by those who get in first with the first-class companies. And there is security behind a gold mining stock, the raw material of money itself — what we call in South Africa the 'stuff'—the 'stuff' at whose feet governments, cities, banks, railroads, mortgages, corporations, and all forms of business bow the knee and doff the hat."

He was right. And MAYFLOWER stock is just the stock that Cecil Rhodes would have bought himself and advised you to buy. It is a safe, sound, permanent, and money-making investment. There is nothing that can come within a Wireless touch of it today in the Hawaiian Islands in our opinion. And it is not of the character of those long-drawn-out "Mahope" propositions which will take years and added years to win out. You will get quick action on your money in MAYFLOWER. Under crude methods about ONE MILLION DOLLARS have already been taken out of our Mine, but with modern, up-to-date methods, machinery, and brains, we can take out many times that amount in short order and make a fortune for every stockholder holding a fair-sized block of stock. We are sure of it. Pile in with us! Acquire a partnership! BUY MAYFLOWER STOCK. BUY IT NOW!
